

GEORGE D. WEATHERFORD
HUSTONVILLE POSTMASTER

Congressman Helm Wires From Washington That Appointment Has Been Agreed Upon

Col. George D. Weatherford was this week appointed postmaster at Hustonville by President Wilson. News of the appointment came direct from Congressman Helm to Col. Weatherford and also from Congressman Helm to County Clerk George H. Cooper, who had strongly endorsed Col. Weatherford.

Col. Weatherford will succeed J. A. Hill, who has been the republican postmaster at Hustonville for a number of years and has made a large number of friends by his handling of the office.

There are few better known democrats in Lincoln than Col. Weatherford, who is a brother of Sheriff J. G. Weatherford and for years was proprietor of the famous Weatherford Hotel, in the West End. He has a host of friends all over this and other counties who will be glad to hear of his good fortune which was predicted by him.

There are four other fourth class postoffices to fill with democrats in Lincoln county and Congressman Helm will soon be called upon to make selections from the civil service eligible list. Applicants for the position of fourth class postmaster must pass the civil service examination and the selection must be made from the three making the highest mark. The offices to be filled next in Lincoln are Crab Orchard, Waynesburg, McKinney and Moreland. It is understood that quite a number have taken the examination for each office.

Mr. Wolfe came on to Lexington and, after looking over a number of attractive saddle horses, finally decided on Hazel Dawn and purchased her Wednesday from her owner, W. G. Shropshire, for \$4,500. He also bought from Mr. Shropshire the handsome walk-trot mare, Beechwood Belle. Hazel Dawn is one of the most widely admired saddle mares of Kentucky. She was awarded first premium at night of the last five-gaited saddle horses in the country at the Blue Grass Fair, the State Fair at Louisville, and at many other fairs of the country.

Why Are These Three to be Apportioned?

When the Glenn-Green insurance bill, which has produced such havoc over the state, was pending in the House, we introduced an amendment which provided that no member of the Legislature which might pass the bill, should be eligible to hold any office or appointment under the State Insurance Board for a period of three years after the passage of the bill. Charges had been made that the politicians behind the bill planned to reward many of the members who would vote for the bill with fat jobs to be paid for out of the money raised by the increased tax on the insurance companies. We had hoped that the House would adopt our amendment, for it would indicate that the membership was entirely above being influenced to pass the measure by any such a subtle form of bribery. By a vote of 41 to 37, the House defeated our amendment, however. Now comes a Lexington paper with the apparently authorized statement that Auditor Henry Bosworth, who was one of the chief backers of the bill, will appoint a committee of three persons as special examiners to make an inquiry into the business of fire insurance, and especially of those companies which have ignored the order of the insurance board, to show why they have suspended business in the state. The men who are named by the Lexington paper, are Frank C. Green, who was Representative from Carroll county, Glover

Change In Road Law Now Effective

Gov. McCreary this week signed the road bill which makes the road engineer system optional with each county in the state. This puts the control of the road system of each county directly into the hands of the fiscal court, and it is practically a certainty that the Lincoln county fiscal court will see to it that the dirt roads are in the future worked by the men who live on them and that they are allowed to pay out their poll taxes by such work. If the fiscal court does not do this, there will be another fiscal court elected the next time the people get a chance, and that's all there is to it. But the L. J. is satisfied that the Lincoln county fiscal court, constituted as it is, desires to follow out the wishes of the people of the county in this and every other matter within its power and that the people's wishes will prevail. The change in this law was what Lincoln county's representative in the Legislature worked harder for than any other measure, as he had found that the people as a whole over the county wanted the road law changed if possible. And he is very glad for them to know that he was able to have a part in securing what they wanted.

Justice Goebel is going to have a mighty hard time making the people of Kentucky believe that Jim Garnett is controlled by or subservient to the railroads or any other "interest." The people who know Garnett best won't swallow any such stuff as Goebel is handing out in his open letter to the people. We have the greatest admiration for Goebel and deeply respect his veneration for his brother's memory and the principles for which he fought and died, but are afraid that he is permitting his zeal to become fanatical. We have heard it intimated that while Goebel hates the railroads with all the venom of his being, he is a partner in another trust which does Kentucky far more harm—the whisky trust—and that he has never been known to open his mouth against it or any of its creatures or champions. If this is not true, we stand ready to make full correction at any time.

Winter's Chills Breed Kidney Ills

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

Spring is Breaking; Backs are Aching

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs;—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then give Doan's Kidney Pills a trial.

Stanford People Testify

Whitley Avenue

D. C. Dychouse, Whitley avenue, Stanford, says: "My back was so sore and painful that it was hard for me to get around for a few days at a time. I tried everything but did not seem to get anything that would bring me relief until I procured Doan's Kidney Pills at Shugars & Tanner's drug store. By the time I had finished three boxes, the pain in my back left and I felt better in every way."

Lancaster Street

Mrs. S. J. Hubble, Lancaster St., Stanford, says: "My kidneys had been long troublesome. My back ached continuously, and sometimes was so lame I could not bend over without a great effort. After using Doan's Kidney Pills, my kidneys became normal and the backache left. This remedy toned up by whole system and I have since enjoyed good health."

Whitley Avenue

J. T. Spoonamore, Whitley avenue, Stanford says: "Four years ago I was down with my back and I could not sleep or lift. The kidney secretions were too frequent in passage and caused me a great deal of annoyance. I tried a dozen different remedies but did not get any better."

Main Street

John H. Wren, E. Main St., Stanford, says: "Off and on for several years I had severe attacks of lame back. Often I did work that required stooping and at such times the backache became much worse. There was also a too frequent desire to pass the kidney secretions both day and night. Doan's Kidney Pills relieved me. They have never failed to benefit me since then when I have taken them."

Lancaster Pike

W. H. Meishon, Lancaster Pike, Stanford, says: "I was troubled some time ago by an acute attack of kidney complaint. My back ached constantly and I had pains through my loins. I felt languid and tired easily. I took a box of Doan's Kidney Pills and they fixed me up all right, the second box practically cured me."

Stanford

B. Holderman, Stanford, says: "I used Doan's Kidney Pills and they proved to be just as good as advertised and I recommend them. My kidneys were weak and I had backache. Hearing Doan's Kidney Pills highly praised, I used them and they relieved me."

Builds Up

Ask Your Doctor. J. C. Ayer & Co., Lowell, Mass.

CATARRH OF THE PHARYNX.

Clearing out your throat every day, all day. That is what you have been doing for months. Possibly years. A little mucus covers the pharynx.

If you were to go to a doctor he would tell you that you have pharyngitis. If you were to look into your own throat you would find just back of the soft palate a red, lumpy, granular appearance of the back part of the throat. Pharyngitis the doctor call it.

Perhaps he would call it, follicular pharyngitis. It causes you constant annoyance. You are always making slight disturbances when seated in an audience. Can't hold your throat still. Stringy mucus bothers you. Worse in the morning.

A-hem! A-hem! A-hem! That is the way you are going nearly all day. Sometimes in the night when you wake up. You ought to gargle your throat with salt water every morning. Cold salt water. That clears out the throat perfectly and makes it ready for treatment.

Peruna is the treatment. Begin with a teaspoonful before each meal and at bedtime. Try it for a week. You will be convinced. Of course, Peruna will not entirely relieve you in a week. That is too much to expect of any remedy. But it will be convinced. Yes, it will. It has done this many times.

Follicular pharyngitis. Big words. Almost as bad as the disease. But if you take Peruna for one month regularly, you may forget that you ever had such a disease. Then you will have a perfect right to report the big words too.

People who object to liquid medicines can now obtain Peruna Tablets.

GIRLS! STOP WASHING THE HAIR WITH SOAP

Soap Dries Your Scalp, Causing Dandruff, Then Hair Falls Out

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse". Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre.

Besides cleansing and beautifying the hair, one application of Danderine dissolves every particle of dandruff, stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.

Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Danderine from any drug store or toilet counter and try it.

Poor Blood is Responsible

for much sickness and suffering because its quality determines our resistive power. With poor blood we are languid, susceptible to colds, lack natural energy and ambition, and the gradual decline of strength makes prompt and careful treatment necessary. Drugs or alcohol cannot make blood and must be avoided.

SCOTT'S EMULSION is nature's grandest blood-maker because of its wholesome medical nourishment, so carefully predigesting that it assimilates without taxing digestion and quickly increases the red corpuscles of the blood, strengthens the organs and tissues and rebuilds the whole system.

Absolutely nothing compares with SCOTT'S EMULSION to purify and enrich the blood to overcome or avoid anaemia. It is totally free from alcohol or opiates and your health demands the purity of SCOTT'S.

Retired Georgia Planter's Advice To Kidney Sufferers

Regarding the wonderful curative merits of your Swamp-Root, I cannot say too much. After suffering severely for three years or more, with severe pains caused by weak kidneys, I was finally induced to try Swamp-Root through a testimonial I read in one of the newspapers. I was in such a condition that I was obliged to arise from my bed six or eight times every night. I purchased a fifty-cent bottle and before it was used I felt so much relief that I purchased a one-dollar bottle and by the time this was taken the old pains had left my back and I could sleep the whole night through. I am a retired planter, 70 years of age, and owing to Dr. Kilmer's Swamp-Root, I am in the best of health and feel like a boy. I am always glad to recommend Swamp-Root to those who are in need of it. Sincerely yours,

C. E. USSERY, Brownsville, Ga.

Personally appeared before me, this 8th day of September, 1909, C. E. USSERY, who subscribed the above statement and made oath that the same is truth in substance and in fact.
